

NEHRU INTERNATIONAL PUBLIC SCHOOL

ANNUAL REPORT 2020-21

The very great David Joseph Schwartz said “Think little goals and expect little achievements. Think big and win big success.”

As we approach the new academic year and our 18 years of service towards providing quality education since our inception in 2003, we take this opportunity to thank God for his abundant blessings and guidance from our patron, parents, students, teachers and well-wishers.

There is a great saying: “Real education fetches you more than a job. It teaches you to live. It cannot be measured in any tangible way”.

As we share the yearly updates of our activities, we take the modesty to say that we did our best to do as we had planned and we are proud of our students and teachers who strived hard to achieve beyond expectations. We have focused on the holistic development of the students.

We, at Nehru International Public School strive for excellence in everything we do. We provide a learning environment that allows every student to thrive as an individual with the following Vision and Mission.

VISION & MISSION

- MISSION- MODERN EDUCATION ON ETHICAL FOUNDATION
- VISION: To contribute to the nation by imparting quality education together with instilling a fine blend of true human values of discipline, ethics, high morals and compassion for upbringing socially responsible citizens to serve as a valuable resource to the society.

ACADEMIC ACHIEVEMENT

“Success is the sweet result of hard work combined with the desire to excel and unfailing dedication.”

Academic achievements reflect the diligence and skills to perform to the best of one’s ability. The sincere efforts of students in the CBSE Exams brought laurels to the school.

XII:- Riya Tiwari with 96% , Tannu Chauhan with 94.6% and Anjali Gupta with 93.6% were the top achievers in Science Stream.

Nidhi Singh and Pragati with 93.2%, Chanchal Awana with 92.8% and Megha Arya with 92.4% were the top scorers in Commerce Stream.

X:- Akshita Bhatt with 97.6%, Manya Rana with 96.4% and Priya Singh with 95.6% were the top performers in Class X. The school has achieved a distinction of a 100% result with no failures, despite students coming from varied socio-economic backgrounds.

SPORTS ACHIEVEMENT

“It is said that you must practice like you never won and perform like you have never lost.”

Apart from commemorating victories, sport’s field also aim at imparting lessons on sportsman spirit and camaraderie to children. Physical education works with a hand and glove approach towards training the physical attributes of strength, stamina and agility. NIPS participated in the **Khelo India National program** for development of Sports and myriads of activities were conducted under this program to revive the sports and culture in students at the grass root level.

Co-curricular and Extracurricular activities:

These are an essential part of the life of an educational institution as they strengthen the classroom learning as well as develop the personality of the child and harness the in-depth potential of students. The activities are conducted throughout the year.

Some of these events are Fancy Dress Competition, Flower arrangement, card making, Best out of waste, poster making, chart making as well as dance competitions. Participation by the students and teachers in these events was very commendable.

It is said that you must practice like you never won and perform like you have never lost.

FULFILLING OUR SOCIAL RESPONSIBILITY: ENVIRONMENTAL EDUCATION

Water harvesting is an age-old concept in India and is highly locale specific. In our school also, we have made Tank to capture every trickle of rain water that fall on the land and utilises the same for the purpose of gardening.

For segregation of waste we have kept separate containers for DRY and WET waste. The wet waste container is used to put fallen or left over food, used tea leaves, fruits peelings etc. All these, along with the other waste collected from garden like- dry and fallen leaves, twigs, dead organisms in the soil etc. are put in a compost pit dug in our school for composting. The manure prepared is used by our students and gardener to nourish our plants.

The dry waste container that contain plastic, glass, rubber, metal etc. is picked up by Noida Authority van and sent to factories for recycling.

We have also created a PAPER REUSE CENTRE, in which we have set up a box and teachers and other staff can place paper with a blank side. It can be picked up and used by any of our students to do rough work.

We are reducing the use of paper by sending most of the circulars online through whatsapp and email to the students.

Newspaper and other used papers collected from waste container are used in the Art and Craft class by the students to make many creative items by PAPER MOLDING.

Electronic waste or e-waste describes discarded electrical or electronic devices. If it is not disposed of properly, then it can be detrimental to our health and environment. In Science exhibition, we encourage our students to make projects out of e-waste. We are also sending our e-waste to various organisations for recycling, as electronic devices are made up of many raw materials like- copper, lithium, tin, silver etc.

This is how we are recycling and reducing the waste in our school and encouraging our students for conservation and sustainable development of resources.

Parents' and Teachers' Association

A General Body Meeting of parents is held on a regular basis and new members of the PTA were nominated for the year 2020-21.

Since then PTA meetings have been arranged periodically, the PTA members of our school are closely involved in most academic activities. This year due to Pandemic all PTM's were timely conducted through virtual mode where we had suggestions from the guardians regarding the opening

of the school which we took into regard while making any decision. We thank and congratulate them for their support and co-operation through the years.

SCHOOL MANAGEMENT COMMITTEE (SMC) DECISIONS

Online Study during Covid 19 :

The nationwide lockdown following the COVID-19 pandemic has led to a burst of activity with online education. The COVID-19 has resulted in schools shut all across the world. Globally, over 1.2 billion children are out of the classroom. As a result, education has changed dramatically, with the distinctive rise of e-learning, whereby teaching is undertaken remotely and on digital platforms.

At NIPS teachers and coordinators are regularly in contact with the students and parents and taking the online classes regularly. Students are learning online through Google meet and Zoom virtual platform. Apart from this, students are given various other extracurricular activities such as drawing, cooking, singing, dance etc. on day to day basis which they can carry out at their home and to encourage them we put their pictures and videos on social media platforms and school website.

FEW MORE STEPS TOWARDS SAFETY

1. As per governments order we opened school for offline teaching in the month of October following all covid related protocols. Students were called on alternate days to follow proper social distancing.
2. School premises were regularly sanitized and everyone made sure to wear mask and followed proper social distancing.
3. We even conducted Annual Exams for classes IX & XI and Pre- Board Exam for X and XII Classes totally offline following proper safety protocols.

CONCLUSION

After everything that's happened this year, We all are here.

We believe that every Year brings changes with God Almighty's protection. As we are passing through an unprecedented crisis situation in the year 2020-21 we are confident that we will overcome all the odds by our strong will and ethics and pave the way for the betterment of the education fraternity and the society in general. Towards this , we have started our Online lectures from the 01 Apr 2020 using various Innovative tools to facilitate learning by the students.

Our aim is to be one of the leading schools in the community it serves, known and widely acknowledged as a secular institution which develops character and ethical leadership in its students in their pursuit of excellence. We hope Nehru International School Noida will be recognized as a model for excellence in academics, art and culture and sports. Each student will demonstrate a spirit of respect, responsibility and a commitment to academic and civic excellence.
